SENSATION IN HOLLAND

Where Ship, the Newest and Finest Sailing Under the Dutch Flag, Was a Great Favorite—Tubantia Displayed Usual Identification Marks of Her Neutral Character.

SCHILLING SAVED.
(ASSOCIATED PRESS TELEGRAM)
The Hague, March 17, via London, 7:35 a. m.—Consul Schilling and family were saved. They landed at the Hook of Holland and have returned to Amsterdam.

(ASSOCIATED PRESS TELEGRAM)
Amsterdam, via London, March 17, 2:09 a. m.—The newest and finest steamship sailing under the Dutch flag, the Tubantia of the Holland-Lloyd line, was sunk shortly before dawn yesterday thirty miles off the Dutch coast. Although it is not positively established whether the sinking was due to a mine or a torpedo, there is a singular unanimity on the part of those who were on board in attributing it to a submarine's act.

The crew base their belief in this regard chiefly on the intense violence of the explosion and on the fact that it occurred amidships. The vessel was outward bound from Amsterdam to South America carrying a crew of 294 and 82 passengers, the latter mostly neutrals, including, it is said, three Americans. The ship bore the usual identification marks of her neutral character, including an illuminated name and flag.

The disaster has created a profound sensation throughout Holland, where the ship was a great popular favorite owing to its size and luxurious appointments. The press comments reflect anger and indignation. It is now believed there was a small number of lives lost in the sinking of the Tubantia, either in the explosion or an accident which attended the launching of a life boat. The steamship remained afloat several hours.

According to all reports there was no panic, everyone on board behaving splendidly. The boats were launched in their appointed order and the passengers were all taken off first. The rescue work was difficult owing to the darkness the heavy mist and the rough sea. The boats were several hours in finding the Noorhinder lightship, which was two miles away.

The captain and part of the crew remained on the gradually sinking ship for some time, the wireless operator keeping up the work of guiding Dutch vessels to the rescue. The captain was on the vessel for two hours after she was struck and was the last to leave. The rescuing vessels took the passengers and crew to Flushing, Amsterdam and the Hook.

HOLLAND STIRRED

By the Loss of Her Finest Steamship Costing \$1,240,000.

(ASSOCIATED PRESS TELEGRAM)
The Hague, Netherlands, March 17, via London, 4:12 a. m.—The loss of one of Holland's finest steamships has stirred the country deeply. The sinking of the Tubantia

valued at \$1,600,000 and insured for \$1,240,000, means loss of valuable space not easily replaceable.

The opinion accredited to the captain that the Tubantia was torpedoed adds to the feeling of resentment aroused by the disaster. The Vaderland calls attention to the fact that the vessel was sunk at almost the same time that announcement was made of the resignation of Admiral von Tirpitz as German minister of marine and of the statement that his successor would continue submarine warfare without abatement. This newspaper refers to the case of the Dutch steamships Katwyk, Artemis and Bandoeng, sunk or damaged as a result of German "mistakes" and says as the Tubantia was sunk by a German submarine there will be increasing danger that Germany against her wishes may find herself in conflict with neutral states on account of the conduct of her submarine commanders. The Vaderland voices the hope that the change in leadership of the German marine ministry will be utilized as an opportunity for issuing more binding rules to submarine commanders.

A stronger note is sounded by the Nieuwe Rotterdamse Courant, which says that no matter whether the Tubantia was sunk by a torpedo or a mine, the country demands that such occurrences cease. It declares the government must make the strongest representations to Berlin.

AFFIDAVITS
Of Tubantia's Officers That Torpedo Struck Ship.

(ASSOCIATED PRESS TELEGRAM)
London, March 17, 10:50 a. m.—A Reuter despatch from The Hague says the Dutch ministry of Marine has announced that affidavits made by the first and fourth officers and the lookout man of the Tubantia show that the steamer was hit by a torpedo. These men declare they saw in the water a white streak made by a torpedo and that at the moment the streak reached the side of the steamer amidships the explosion occurred.

A Reuter despatch from Amsterdam says:

"Richard Schilling, the American consul, who, with his wife and daughter, arrived here this morning with other survivors of the Tubantia, expressed the opinion that the liner struck a mine. The steamer, he said, soon came to a standstill after being struck and almost immediately creased over. The passengers and crew rushed on deck, leaving all their belongings behind, and consequently lost all their baggage."

"Mr. Schilling had heard that some persons on board had lost their lives, but the correspondent was unable to obtain any confirmation of this."

Washington, March 17.—The state department today received unofficial advice that Richard Schilling, referred to in foreign news dispatches as an American consul and who was saved with his wife and daughter, when the Tubantia sank, is a New York Insurance man.

STATE EXAMINERS

FIND OVERDRAFTS

IN LICKING COUNTY

(ASSOCIATED PRESS TELEGRAM)
Columbus, March 17.—State examiners today ordered various Licking county people and officials to pay the county \$13,127, mostly small sums due as taxes.

Irving Young and D. E. Patterson, who made an investigation of Licking county affairs, held that there was no authority for the employment of a collector of delinquent personal taxes in 1914. The report stated that the collector received 15 per cent on all such taxes, whether they were paid voluntarily or collected through his efforts.

The examiners asked for the return to Licking county of \$334 alleged to have been spent for clerk and deputy hire in the clerk's office.

W. D. Winchell of Columbus was instructed by the examiners to return to Licking county, \$1,617. The examiners say this represents overpayment for road work southwest of Newark.

He said the budget showed a deficit of 480,000,000 marks, which was to be covered by new war taxes.

Dr. Helfferich took exception to statements that he said no new taxes were contemplated during the war.

As a matter of fact he had said new taxes should be avoided as long as the regular budget, together with requirements for providing for the public debt, balanced without them.

The secretary also replied to criticisms that he had shown a lack of originality in devising the new taxes, declaring he cared more for money than for originality.

OHIO NATIONAL GUARD IS EAGER FOR SERVICE ON TEXAS BORDER

Fifth Regiment, Ohio National Guard, on march; O. N. G. cavalry on march; Adj. Gen. B. M. Hough (left) and Col. C. X. Zimmerman.

On the day the government decided to send a punitive expedition into Mexico, Col. C. X. Zimmerman, commander of the Fifth regiment, Ohio National Guard, wired to the war department, asking that his regiment be the first to be called out in case any part of the militia should be needed to patrol the Texas border. A day or two later, Adj. Gen. B. M. Hough, commander of all the militia forces in the state, went to Washington in response to a hurry call from the war department. The O. N. G. is in instant readiness for a call.

APPROVAL

OF PRESIDENT WILSON'S COURSE IN SENDING THE MEXICAN EXPEDITION.

Given in Senate Today Without Opposition—Army Increase Bill Being Considered.

(ASSOCIATED PRESS TELEGRAM)
Washington, March 17.—President Wilson today signed the joint congressional resolution authorizing the increase of the standing army to its full strength of approximately 120,000 men.

(ASSOCIATED PRESS TELEGRAM)
Washington, March 17.—Senator La Follette, Republican, today introduced and the senate adopted without opposition a resolution approving President Wilson's course in sending a punitive expedition to Mexico and assuring the Mexican people further that the object of the expedition was merely punitive.

Under a rule limiting general debate to ten hours, the house today began considering the army bill—the most extensive proposal for increasing the military establishment ever laid before it in peace times. If possible a final vote will be reached tomorrow night.

Forty speakers have asked for time. Republicans and Democrats being equally represented in the list.

When the debate began no opponent of the general plan of preparedness had asked to be heard. No general opposition was in evidence. Representative Gordon, Democrat, of Ohio, led off for the bill. He had listed as an anti-preparedness man but explained today that his opposition was only to a great standing army.

While the house was debating the army bill today the final draft of the senate army bill was favorably reported by Chairman Chamberlain.

Senator McCumber, Republican, of North Dakota, made a speech urging the country not to be swayed from a middle course between war hysteria and utter defenselessness. He contended the United States was in less danger of attack than ever before.

The administration bill to repeal the free sugar provision of the tariff, passed by the house last night, went to the senate today. It will be referred to the finance committee and probably will be taken up soon in the senate for action.

The bill adopted 346 to 14 by the house, thirteen Democrats and one Socialist, Representative London, casting the negative votes. Efforts to amend or recommit were unavailing.

Majority Leader Kitchin, who made the concluding argument for the measure, ran the gamut of a rapid fire quiz by the minority which developed into a general attack and defense of the tariff.

As the tariff law now stands sugar would go on the free list May 1, with a consequent estimated loss of revenue to the government of approximately \$42,000,000.

DOMESTIC USE

NATURAL GAS

PRIMARY ONE

GAS EXPERT RECOMMENDS THAT IT SHOULD NOT BE DISSIPATED

For Manufacturing Purposes in Report to Ohio Utilities Commission.

(ASSOCIATED PRESS TELEGRAM)
Columbus, March 17.—Natural gas should be kept primarily for domestic use and not dissipated for manufacturing purposes, C. V. Critchfield, gas expert of the Ohio public utilities commission declared in a report on gas shortage at Cleveland, made public today. He recommends that the state governments of Ohio, Pennsylvania, and West Virginia, through their utilities commissions, "take certain action on the appalling use for manufacturing purposes of nature's perfect fuel."

He added: "It seems nothing short of criminal to permit open hearth furnaces and other types of gas consuming devices to dissipate this great natural product."

Extensive use of gas by industrial plants at Cleveland was assigned by Mr. Critchfield as one of the principal causes for low pressure there during several cold spells there this winter.

Other reasons suggested for gas shortage, applicable to most localities in the state were these:

The habit of domestic gas users of turning out their fires at bedtime and re-lighting them in the morning. It is recommended that fires be allowed to burn low all night, particularly during very cold weather.

The practice of replacing a small dwelling by an apartment building without enlarging the service lines. The tendency to rely too strongly on West Virginia as fields instead of developing fields nearer the place of consumption.

The use of the East Ohio Gas company, which has Cleveland, as storage tanks for artificial gas, reducing the facilities for keeping an adequate reserve supply of natural gas.

ASSAULTS

Of Germans Upon Verdun Defenses Again Have Shifted

FRENCH CLAIM FIVE VICTORIES

Over Germans Who Had Attacked Fiercely

BOMBARDMENT IS HEAVY

About Dead Man's Hill But Infantry Attacks Have Not Been Renewed—Italian Offensive Along the Isonzo Now is Commanding Increased Attention From All Quarters.

The German drive at the Verdun defenses has again shifted its direction. Strong assaults were made by the Germans on the lines east of Verdun during the night, five successive assaults in the Vaux region being repulsed by the French, Paris announced today.

The German attacks were of the most violent character, but each was broken up by the French curtain of fire, the Paris war office declares.

Both the fort and the village of Vaux were objectives of the Germans, two attacks being made on each, while a fifth was delivered in an effort by the Germans, to débouch from a protected roadway southeast of Vaux village.

The heavy fighting in the past few days has been to the northwest of the fortress and only last night Paris reported massed attacks by the Germans, who drove at the French position at Dead Man's Hill, only to be forced back eastward toward the Coteaux Woods, suffering heavy losses.

Although a bombardment has been continued in this region, the infantry attacks have not been renewed.

The Italian offensive along the Isonzo is commanding increasing attention, although Vienna's latest report on the situation declares the attacks on the Austrian lines have decreased in violence.

There were probably some casualties in the sinking of the Dutch liner Tubantia off the Dutch coast yesterday, by a mine or torpedo, according to dispatches from Dutch sources.

INSANE CONVICT

KILLS ANOTHER

AT BREAKFAST

(ASSOCIATED PRESS TELEGRAM)
Toledo, March 17.—Frank McClaren, 60, was stabbed to death by a fellow inmate in the Toledo state hospital for the insane Friday morning. The assailant was Joseph Barbara, 27, an Italian. The tragedy occurred at the breakfast table.

There were 144 men at breakfast, inmates of the strong ward.

McClaren and Barbara were sitting side by side when Barbara grasped his knife, jumped to his feet and plunged the weapon into the back of McClaren's neck. McClaren fell dead. Barbara sat down and calmly resumed his breakfast.

McClaren was sent from Delta in 1897. Barbara is a Lucas county patient.

Because he is insane and has not been in this country three years, Barbara is subject to deportation. Federal immigration officers have been working on his case, it is said, but have been unable to send him back to Italy because of the European war.

MODIFICATION OF SUBMARINE

Order Is Inference Drawn

by Retirement of Von Tirpitz

(ASSOCIATED PRESS TELEGRAM)
Berlin, March 16, 10 A. M., via London, March 17, 12:39 A. M.—German officials repeat the statement that submarine warfare will go on in the limits set by the German memorandum to neutral powers of last month, but that the demands of those who wished to see the indiscriminate torpedoing of "whatever comes in front of the torpedo tubes" to use the expression of one of those who advocate this policy, will not be fulfilled. This is also the deduction which those acquainted with the situation declare can be drawn from the resignation of Admiral von Tirpitz, which was foreshadowed a few days ago by the reports of his illness. The conclusion is said to be strengthened by the fact that Admiral von Capelle has been chosen as the new minister. He is known merely as an excellent administrator, not having had ship command in the last 25 years. During this period he has been at the admiralty, first as adviser on military affairs, then in the budget department and finally as head of the administrative department. He was looked on as the right hand man of Admiral von Tirpitz until his retirement last November. The Taged Zeitung which has been one of the strongest supporters of Admiral von Tirpitz, says that it is "shaken by the news of the admiral's resignation and does not at present feel its self in a condition to make common thereon."

IMPERIAL CHANCELLOR MAY FOLLOW TIRPITZ

London, London, March 17, 3:48 a. m.—Dr. Von Bothmann-Hellwig, Imperial chancellor may follow Admiral von Tirpitz into retirement, according to advices from Geneva to the Daily Express, quoting Berlin reports which also state that Prince Bernhard von Buelow, the former chancellor, will soon leave Germany for Berlin.

SECRECY

Surrounding Movements of Western Column Into Mexico

GREATER THAN WHEN FIRST STARTED

Report Snipers Fired On Troops Unconfirmed

FACTS ABOUT EXPEDITION

That Stand Out Clearly Are That Two Columns Are In Mexico, One Constituted for Speed While the Other is More Ponderous and Moves More Slowly, But Two Will Join.

(ASSOCIATED PRESS TELEGRAM)
El Paso, March 17.—Reports that American troops under command of Brigadier-General John J. Pershing had been fired upon by snipers as they continued their hunt for Francisco Villa remained unconfirmed today.

Shipping and even the possible killing or wounding of a few American soldiers by these long-ranged marksmen was not regarded here as an indication that the American army's march into Mexico up to date was otherwise than a peaceful expedition so far as the majority of the Mexican people are concerned.

A few definite facts about the American expedition today stood out with considerable clearness, as the result of official published reports and the news brought here by Americans who have been in touch with some portion of the American movement.

It seemed certain that of the two columns which are "somewhere in Mexico" one was constituted for speed, while the other apparently was moving more slowly. The swift-footed column was the auxiliary army, seemingly mostly cavalry which went into Mexico fifty miles west of the main army of General Pershing when his forces crossed at Columbus, N. M.

The secrecy which has surrounded the movements of the main column has been slightly compared with the record of the western force. There is reason to believe, from the official announcement, that the western column may have gone into Mexico earlier than the main body. Every report arriving here asserts that the western wing has traveled the farther. By these same reports, the two columns will form a junction near the threatened American Mormon colonists, possibly in the Casas Grandes region.

Carranza officials, it was learned today have been discussing with some concern whether American troops, during the Villa pursuit, would have to occupy any Mexican cities and the effect of such occupation upon Mexican public sentiment.

The Carranza officials have frankly expressed the hope that the garrisoning of the cities can be left to their own troops. The American army's choice of the Chihuahua desert as its place of entry precludes for the present such a problem as city garrison duty. It is estimated here that the cost of the Villa pursuit at present is upwards of \$40,000 per day.

Water was running today in the irrigation ditches back of the Juarez race track and thereby was explained a sensational report widely published early this week that the Juarez garrison was digging military trenches.

Americans at Sunday's races saw brown-clad men who seemed to be digging in ditches and the trench story spread. They were workmen cleaning rubbish out of irrigation

ditches so that the water might enter.

Expectation along the border was keyed to its highest pitch today by the general belief that before nightfall the advance guard of the American expeditionary force would have entered Villa territory in the mountains of the Casus Grandes region of Mexico.

While the censorship prevented any official news of the whereabouts of the American columns, reports brought by Americans arriving from the interior coupled with the calculations of men thoroughly familiar with the territory over which the expeditionary force is passing, made it reasonably certain that the United States soldiers must be close to the district where Villa is believed to exercise his greatest influence and have the largest number of sympathizers.

With the possibility that actual fighting with the Villistas might begin at any moment, interest was redoubled in every item of intelligence that threw any light upon the attitude of the Carranza adherents, and more especially on that of the five detachments of the Carranza troops who are declared by the officials of the de facto government to be operating against Villa. Andres Garcia, the Carranza consul here, who is recognized as the closest man to the chief on the border would not give any definite statement as to what co-operation the American officers might expect from the Mexican authorities. It was suggested to him that the Carranza forces could render valuable aid in supplying guides, aiding in the obtaining of forage and in similar directions.

"The Americans have guides of their own," he said, "who, I am sure, are as good as any I could give them. I feel equally certain that they have better maps than any we have. The soldiers of General Carranza are marching against Villa, the American soldiers are doing the same. That seems to me to be co-operation, and it is all I have to say."

Rumors of the revolt of the Carranza troops are plentiful here, but according to official advices thus far at least the first chief and his lieutenants have maintained strict order. There seems no question that a considerable portion of the Mexican people bitterly resent the presence of American troops in their country, but as far as is known they have shown their hostility by no overt act. The Twelfth Mexican, suspected of Mexican activities, was arrested here last night and placed in jail with the eleven other former generals and "cabinet ministers" of Villa.

Maneuvers of Villa's friends in El Paso seem to be mainly concerned with the dissemination of sensational reports reflecting upon the supporters of Carranza and intended to provoke ill feeling between them and the Americans.

NIGHT MARCHES

Probably Will Be Made By General Pershing's Forces.

(Associated Press Telegram) San Antonio, Tex., March 17.—Night marches probably will be made by General John J. Pershing's expeditionary forces in their search for Francisco Villa, it was indicated today at Fort Sam Houston.

Night marches, it was pointed out, would help to puzzle Villa as to the movements of the American columns, and would keep the men and horses fresher. Days could be used for reconnaissance.

There will be no music for the soldiers of either General Pershing's or Colonel Dodd's commands, while on the march or in camp. Not a single regimental band has been taken with the expedition. This is because it was desired not to handicap the expedition with any useless appendage.

Brigadier General Pershing's dispatches to Southern Department headquarters confirm reports that Mexicans are acting as scouts for the expedition.

Absolute secrecy is maintained here as to the distance the American

Varying reports have been received at Fort Sam Houston regarding the attitude of Mexicans toward the expeditionary forces.

Col. William H. Sage of the Twelfth infantry at Nogales, has sent dispatches saying that passengers from Hermosillo and Guaymas report very little excitement in Sonora. Colonel Robert L. Bullard of the Twenty-sixth infantry at Harlingen, Texas, however reports there is considerable excitement in the lower Rio Grande region.

CARRANZA TROOPS

Making Efforts to Co-operate With Pershing.

(Associated Press Telegram) Douglas, Ariz., March 17.—Carranza troops of General P. Elias Calles, military governor of Sonora, were making every effort today to co-operate with the soldiers composing the expedition from the United States in the pursuit of Francisco Villa, according to reports received here.

Persons arriving here during the night from the Bavispe valley in eastern Sonora, stated that 400 Carranza troops commanded by Lieut. Col. J. M. Aguirre, were strongly entrenched themselves near Bavispe in a position commanding two passes through which Villa bandits would march should they make a sortie against the town of Bavispe. San Miguel, La Galera and Elguire.

Several hundred Mexican troops commanded by Lieut. Colonel Dato (Campbell) are reported to have passed through Pulpito into Chihuahua and were expected to give active support to the United States soldiers.

MEXICANS KILLED:

GASOLINE EXPLODES.

Laredo, Texas, March 17.—Fourteen Carranza soldiers and ten civilians were killed in an explosion of a carload of gasoline and artillery ammunition in the yards of the National Railroad line at Monterey, Mex., last Tuesday according to passengers reaching here from Monterey. The news was suppressed by the Carranza authorities because of the tension existing between the United States and Mexico.

All the dead and injured were Mexicans. Immediately after the explosion a mountainous cloud of smoke spread over the city and the cry "the Americans have arrived!" rang throughout the poorer section.

If the disaster was caused by the carelessness of the military guard about the car it will remain unknown as everybody in the immediate vicinity was killed.

The Carranza authorities suppressed publication of the news as it was feared the poor classes would rise against the Americans.

Kelly the Dandy.

Eccentrics have flourished in every age, but possibly they were at their height in the days of George III. and the regency, when to be odd was considered fashionable. Take the case of Lieutenant Colonel Kelly of the (then) First Foot guards, who was a very vain, emaciated looking dandy, but at the same time a gentleman. "He was haughty in the extreme and very fond of dress. His boots were so well varnished that the polish now in use could not surpass Kelly's blacking in brilliancy. His pantaloons were made of the finest leather, and his coats were immaculate. In short, his dress was considered perfect."

Kelly was burned to death while trying to save his favorite boots, and the story goes that the dandies competed among themselves to secure the services of his valet, who knew the secret of the blacking. Brummel was one of the competitors, but the man told him that the 250 a year he had been accustomed to receive was not enough for his talent and that he should require £200, upon which the Beau replied, "Well, if you will make it guineas I shall be happy to attend upon you."—Westminster Gazette.

Alaska's Natural Submarines.

The channels of the Alaskan waterways vary as you sail on to the northward. Now they widen into great lakes; now they are rivers as narrow as the Hudson or Rhine. At times you pass through gorges walled by islands and the mainland, and at times you are in fords like those formed by the half sunken Andes along western Patagonia, near the strait of Magellan. This part of our territory is made up of the heads of submerged mountains, and in places there are great rocks as steep, as high and as sharp as the Washington monument, which come within twenty or thirty feet of the surface. These are terrible pinnacle rocks that rip open the hulls of the steamers. They are searched for and marked with buoys by the wire drag of our coast and geodetic survey.—Christian Herald.

Servants in Germany

How the servant question is handled in Germany is told in George Stuart Fullerton's book, "Germany of Today." "In Bavaria, if I wish to get rid of a servant, I must give her notice on or before the 15th of the month, the notice to take effect on the first of the month following. I must allow the servant in the two weeks intervening a certain number of outings to look for another place. If I delay my notice until the 16th I must tolerate the unwelcome domestic for six weeks longer. Should I prefer to get rid of her at any price I must pay her, not merely her wages, but also a sum to cover her board and lodging up to the legal date. Such legal provisions may easily be an annoyance to the employer. It is not all employees who seem to deserve so much consideration. But it is surely better that the well to do should suffer some inconvenience than those who have their daily bread to earn should run the risk of being brought to distress."

For Conserving Heat in Pipes.

An excellent covering for steam pipes may be made from materials that are always available. Take some fine sawdust and screen it through a sieve to remove any foreign bodies. Prepare a thin paste of flour and water and mix the sawdust thoroughly with this paste. With a small trowel the mixture so prepared should be applied in about five coats to the steam pipes while they are slightly warm. Each coat should be thoroughly dry before the next is applied. If the steam pipes are in an exposed situation three or four coats of coal tar should be applied after the paste has dried. If inside a building this waterproofing is unnecessary. Steam pipes treated with the sawdust as above lose very little heat.—Popular Science Monthly.

Victoria and the Irish Soldiers.

It was at a royal review of troops that Queen Victoria made an immortal declaration. Regiment after regiment, English, Irish and Scotch, passed before the queen. When the Grenadier guards went past she expressed the warmest of admiration for the faultless technique of the regiment. When a regiment of highlanders marched past she became positively enthusiastic. "Magnificent!" her majesty is reported as saying. "What splendid soldiers those highland men are!" Then came an Irish regiment, which one is not stated. This time it was not so much the faultless marching and the splendid physique that so impressed her majesty. For a moment she said nothing. Then in a low voice she turned to an officer and said, "Ah, that is bloody war!"

The Oldest Epitaph.

The oldest epitaph in English, which is found in a churchyard in Oxfordshire and dates from the year 1370, to modern readers would be unintelligible not only from its antique typography, but from its obsolete language, the first two lines of which run as follows and may be taken as a sample of the whole:

"Man com & se how schal alle dede be; wen yow comes bad & bare; noth have ven we away fare; all ye worries ye ve for care."

The modern reading would be: "Man, come and see how shall all dead be; when you comes bad & bare; nothing have when we away fare. All is weariness when we away fare. All is weariness that we for care."—London Spectator.

Plum Pudding Broth.

Plum broth, the forerunner of Christmas pudding, found a place at the royal table so late as the last century. Brand tells us that he dined at St. James' palace on Christmas day, 1803, when the first dish was a "rich, luscious plum porridge," of which, he found on inquiry, the ingredients comprised "forty pounds of veal, six shins of beef, fifty leaves, sixty pounds of sugar, 150 lemons, six dozen sack, six dozen hock, six dozen sherry, forty pounds of raisins, forty pounds of currants, thirty pounds of prunes and the usual spices."—London Spectator.

Most Thin People Want To Gain Weight

Suggests Simple Sixty Day Flesh Building Test. Many Reports Say It Succeeds.

Thin men and women who are really in earnest about wishing an increase in weight of ten to twenty-five pounds of good healthy flesh and tissue should surely be willing to follow a few simple rules of health in an effort to accomplish the desired end.

To put on flesh and weight increase in strength and vigor they should eat wisely, breathe deeply, exercise sanely, sleep long, stop worrying and try taking a single Sargol tablet with each meal for a few weeks—then note results. Weigh yourself each week and let the scales tell their story.

Many thin people seemingly fail to assimilate a good portion of the fat-making nourishment in their foods which pass through their bodies as waste. But let them eat plenty of eggs, milk, chocolate, potatoes, rice and similar flesh-building foods and allow Sargol to aid in their proper digestion by the stomach and assimilation by the blood and there may easily be a different story to tell.

Sargol is a harmless, efficient and splendidly balanced combination of assimilative aids and many users have reported weight increases ranging from 10 to 25 pounds that followed its use with meals. Evans Drug Store, W. A. Erman, 33 N. Third St., and other leading druggists cheerfully agree with any purchaser that unless 60 days use of Sargol is accompanied by a satisfactory weight increase the money paid for it will be returned. This certainly makes its test a very simple matter.

GERMAN REICHSTAG

(Continued from Page 1.) but really covering a wide range of topics.

There were many heated passages regarding the problem of calling up married men. Sir John A. Simon, ex-secretary for home affairs, among others, appeared as the champion of the married men but his speech met with sharp criticism from other champions of the married men owing to his argument that there was danger of over recruiting. It was announced in the lobby of the house of commons that a conference will take place Saturday at the war office between the higher military authorities and the recruiting commanders when the whole requirements of the army in regard to men, will be fully discussed and explained.

It is stated that the widespread agitation on the part of the married men already has interfered somewhat with the war office arrangements but there is little doubt that the calling up of further groups of married men has been only postponed.

Among the proposals now being considered is that of extending the military age for single men to 15 years.

The real seriousness of feeling throughout the country on this matter was reflected in the house of commons where members showed the state of their minds on the vote for adjournment. The government demanded adjournment until Tuesday but partisans of the married men urged a continuation of the session until the question of the married men was properly settled.

The government got its wish but only after a division which was carried by a bare six votes. This is the most serious division the coalition government has yet had to face.

Blankenship Now Billiard Leader

Chicago, March 17.—Emmett Blankenship of Detroit, today is well in the lead in the world's championship pocket billiard tournament. By defeating Charles Weston of Chicago, Blankenship moved out of his tie with Ralph Greenleaf, the Monmouth, Ill. boy and has a record of eight victories and two defeats. Greenleaf lost his game with George Clark and is tied with Layton for second place.

Contests for Doubles and
Singles Events.

(ASSOCIATED PRESS TELEGRAM)
Toledo, March 17.—Seventeen of Chicago's strongest clubs will essay tonight to capture the colors of the Richls of Columbus, who this morning topped the five-man event of the American Bowling Congress tournament with their 2895. Prominent among the teams are the famous Chalmers, one of the greatest tournament performers in the country and the O'Learys and the local officials expect to see an even greater turnout of fans tonight than the huge crowd which saw the New Havens fall last night with 2666. Six of the Cleveland athletic clubs entries are also billed to perform. President Agnew's No. 2 club being a dangerous performer.

Hardly second in interest to the teamwork will be the play in the doubles and singles. The New Haven players being expected to show some tall scores in both the doubles and singles.

None of the leaders were disturbed yesterday and the holder of the lead in the singles was the only one threatened.

Christie Thies of Cleveland, rolling under the handicap of having a brand new ball, was the star of the day with his 672 that ran him fifth for the title. The 5-10 split in the ninth frame cost him his chance to pass Ben Huesman of Cincinnati, and Frank Shaw of Chicago, who are tied for the lead with 685.

The two-man event saw Thoms and Marino ride through without a challenge. Luckensmeyer and Schlinger of Madison, being high with 1197 for ninth place.

The final shift of the five-man teams last night did not show much, although four clubs rolled over 2700. The leaders were the Vornonts of Chicago, who got 2746, the Gunds of Cleveland being next high with 2730, neither of them cutting into the first ten places in the standing.

Amateur Question Referred to Lawn Tennis Committee

(ASSOCIATED PRESS TELEGRAM)
New York, March 17.—Whether the United States National Lawn Tennis Association shall adopt the definition of an amateur as defined by the Sports Congress held here in December is the important question before the executive committee of the association in a meeting here today. A schedule of tennis contests for the coming season is also to be considered.

The amateur question was referred to the executive committee when the annual meeting of the Lawn Tennis Association was held here in February. As it involves the amateur standing of Maurice E. McLoughlin and Thomas C. Bundy, the California tennis stars, and possibly also the standing of other well known players, the action of the committee is awaited with keen interest.

BIG CROWD WILL SEE BOWSER AND MONTANA MATCH

The Eleventh hour sale of tickets for the Bowser-Bull Montana wrestling bout at the Auditorium tonight has surpassed expectation. The advance sale at previous matches has been so large, that a few hours before the bout, it has been impossible to secure ring-side seats.

The sale for tonight's bout has been slow, but today a rush was made for tickets by the fans, and another large crowd is expected to be in attendance. That the game is enjoyed by women, is evinced by the number of tickets they have taken up for tonight's bout.

The fans that remain away from this bout because it is not a championship affair are going to miss a treat, as Montana is one of the classiest light heavy-weight wrestlers in the game today. Then the Ninich-Carpenter semi-windup will be a hummer, as both men are main event performers. Carpenter's chance for a bout with Champion Bowser, depends entirely upon his showing tonight against the Pittsburgh "terror."

Vance Wallace and "Eppie" Friener, both local boys, ought to furnish plenty of excitement in the curtain-raiser to the show. The first bout will start promptly at 8:15 and the main go will probably start about 8:45. The doors will be open at 7:30.

BOTH FIGHTERS TRAINING HARD FOR THEIR BOUT

(ASSOCIATED PRESS TELEGRAM)

New York, March 17.—With only eight days more in which to get fit and ready for their bout on March 25, Willard and Moran believe that they will be in almost perfect condition for the contest. Willard has increased his pace in boxing in a marked degree during the past week. In fact he did more real boxing yesterday than on any of the two previous days, and it is his intention to keep going a bit faster and take on an additional round each day up to the middle of the coming week. He says he will surely get below 250 pounds before he enters the ring.

Moran, who has trained zealously, is carefully watched by his trainer, Lewis, and his attendants so that he may not overdo the work either on the road or in the "gym."

Today only the cheaper seats were left for sale at the garden. The demand for box seats and those situated immediately back of the arena boxes has become so urgent that large sums have been offered those who held these reservations several days ago.

Promoters of the contest believe the regular box office receipts will reach \$140,000.

ESTABLISHED IN 1820

Entered as Second Class Matter March 10, 1882, at the Postoffice at Newark, Ohio, under Act of March 4, 1879.

The national sport of Mexico used to be bull fighting, but of late it has become killing Americans in border towns.

Father seems to have celebrated Baby Week as usual by paying the doctor's and nurse's bills for care of the infant.

Prof. Fisher of Yale figures that a baby is worth \$90. Those who have sold them short at that price would better cover pretty quick.

There is a nation wide demand for some one else's sons to join the army and go down into Mexico and capture Francisco Villa.

The new secretary of war says that as a boy he never even played with tin soldiers, but he probably practiced marksmanship on the neighbors' hens.

There are occasional hints of peace in the dispatches, and the time may come before long when the munitions plants will at least be useful to store old junk in.

The fact that some of the congressmen want the government clerks to work more does not prove that they could safely move to have public officials in their own districts keep longer hours.

Theodore Roosevelt says the nation must be in a heroic mood if it nominates him for president. The American people will soon show the Colonel their fighting spirit by proceeding to lick the umpire.

When party lines divide, as they did on the McLeome resolutions, it is mighty hard for the congressmen to know how to vote. Still they get the newspaper editorials from their home district.

Some one asks what has become of the farmer who used to drive three miles down to the store to find out the price of butter. Well, just now he is driving his machine into town to see about exchanging for a 1916 model.

St. Patrick's Day.

A humorist once rose when the matter of the July Fourth appropriation was being discussed in a certain city, and moved that the money be spent instead on March 17. He thought that St. Patrick's day elicited more real manifestations of enthusiasm.

Other heroes of the Christian religion are recalled by processions, anthems, sermons and rituals. St. Patrick is remembered in that way too. But in the popular mind he stands chiefly for a certain festive spirit of good humor and warm friendliness. He is recalled not so much for the 365 churches he founded and 12,000 converts baptized with his own hands, as for the notion of his genial personality handed down from the dim vistas of old history.

The traditional figure of "Uncle Sam" is by common consent the composite photograph of American temperament. Similarly St. Patrick is regarded as a kind of impersonation.

Daily History Class—March 17.
45 B. C.—Battle of Munda, Spain, and defeat of the last force opposed to Julius Caesar.

1770—Evacuation of Boston by the British. End of Washington's successful siege.

1915—The British government decided to organize the industries of the country in order to increase the munitions output.

ASTRONOMICAL EVENTS.
Evening stars: Mars, Jupiter, Saturn. Morning stars: Mercury, Venus. Creamy yellow star due west of zenith is Capella, constellation Auriga.

Spirit of the Press

Disagreeable.

A Wisconsin scientist says cannibalism is logical, as human flesh is the most digestible. Still, we all know of some people we are certain would not agree with us under any conditions.—Indianapolis Star.

One Thing Needful.

A Galveston widow says that she knows one or two places where she could get a husband, but what she has always wanted is a white satin opera cloak.—Galveston News.

A Good Reason.

Eph Wiley is for preparedness on the ground that William Jennings Bryan is always wrong.—Topeka Capital.

Only a Few of Them.

A new York woman has refused \$250 for a brief letter from Theodore Roosevelt. Brief letters from T. R. are rare and getting rarer.—Detroit Free Press.

May Tread on Some Toes.

That university girl who insists on marrying a "dreamy dancer" should remember that hesitation steps in providing bread and butter may prove a nightmare.—Anaconda Standard.

House's Way.

Col. House, back with a load of information, will now proceed to interview President Wilson but will keep confidential anything he learns.—Boston Transcript.

Japan's Advice.

That Japan has never taken Yuan's aspirations seriously may be seen from the cartoons appearing in the Japanese vernacular press. "The dome is too big for the foundation," reads the caption of a Tokyo cartoon in which a group of Japanese "advisers" appears in the foreground, evidently prepared to offer their good counsel to Yuan on the principles of building construction.

In another cartoon Yuan is represented as a monkey trying to catch the moon (throne) in the river. Again, Yuan is seen just having discarded his presidential hat, an in the act of reaching for the crown. The foreign nations headed by John Bull and Japan knock vigorously at his door, but Yuan, having, as it seems, a guilty conscience, tells them to keep out.

That China, after all, is merely a shadow is expressed by another Japanese artist, who portrays the yellow kingdom (or republic) casting a huge shadow on the ground—but the rising sun, which is responsible for the phenomenon, is labeled "Japan."—Cartoons Magazine.

Can You Prove You Were Born?

The Children's Bureau of the United States Department of Labor in a recent bulletin calls attention to the importance of a legal record of birth, including date, place and parentage. In most states the laws require physicians to file proper certificates, but there is much carelessness in this regard. Complete registry of all births is important both to the individual and the nation; to the nation in order that it may know the exact increase in the population, and to the individual in order that he may establish his right to a possible inheritance to the full legal measure of schooling, or freedom from underage work, and also in his later years that he may establish his right to benefits under old-age pension laws or similar enactments. If you cannot prove that you were born, you can at least see that proper entries are made for children in whom you may be interested.

Did You Know

That the leap year custom is traced back to a legend of St. Patrick? As the story goes, St. Patrick was walking along the shores of Lough Neagh after having "driven all the frogs from all the bogs and banished all the varmints," when he met St. Bridget, who informed him that trouble was brewing among the women because they were not allowed to propose marriage to men.

St. Patrick offered to compromise by allowing the ladies the privilege they desired once every seven years. Then St. Bridget threw her arms around St. Patrick's neck and begged him to make it one year in four. "Ah, Bridget," St. Patrick is said to have replied, "squeeze me that way again and I'll give you leap year, the longest one in the lot."

Then St. Bridget popped "the" question to St. Patrick. But St. Patrick had taken the vow of celibacy, so he had to patch up her wounded heart with a kiss and a silken gown. And ever since that time if a man refuses a leap year proposal he must pay the penalty of a kiss and a silken gown.

FRECKLES

March Brings Out Unsightly Spots. How to Remove Easily.

The woman with tender skin dreads March because it is likely to cover her face with ugly freckles. No matter how thick her veil, the sun and winds have a strong tendency to make her freckle.

Fortunately for her piece of mind the prescription, othine—double strength, makes it possible for even those most susceptible to freckles to keep their skin clear and white. No matter how stubborn a case of freckles you have, the double strength othine should remove them.

Get an ounce from your druggist and banish the freckles. Money back if it fails.

AN OLD RECIPE TO DARKEN HAIR

Common garden Sage and Sulphur makes streaked, faded or gray hair dark and youthful at once.

Almost everyone knows that Sage Tea and Sulphur, properly compounded, brings back the natural color and lustre to the hair when faded, streaked or gray. Years ago the only way to get this mixture was to make it at home, which is messy and troublesome.

Nowadays we simply ask at the drug store for "Wyeth's Sage and Sulphur Compound." You will get a large bottle of this old time recipe improved by the addition of other ingredients for about 50 cents. Everybody uses this preparation now, because no one can possibly tell that you darkened your hair, as it does so naturally and evenly. You dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time; by morning the gray hair disappears, and after another application or two, your hair becomes beautifully dark, thick and glossy and you look years younger. Wyeth's Sage and Sulphur Compound is a delightful toilet requisite. It is not intended for the cure, mitigation or prevention of disease.

Not Gray Hairs but Tired Eyes make you look older than you are. Keep your eyes young and you will look young. After the Movie Machine Your Eyes. Don't tell your age. Murine Eye Remedy Co., Chicago. Send Eye Book on request.

A GIRL'S COMPLEXION

Very few girls get through their teens without eruptions or pimples showing on their faces.

These may be due to indigestion resulting from improper diet. If so they will quickly disappear when the proper food is adhered to. If they are accompanied by pallor and listlessness you must look to the condition of the blood.

Because these eruptions on the faces of school girls are so common they seldom receive the attention from parents that they require. When they indicate thin blood or anemia there is a ready remedy in Dr. Williams' Pink Pills. These pills, free from harmful drugs, are pretty sure to help growing girls because they build up the blood at a time when the demand on it is greatest. As the blood is made rich and red, healthy appetites become normal, lassitude gives way to vigor, the cheeks and lips show the glow of health and the whole system is toned up. The nervous system is invigorated and with proper attention to diet many dangers are averted.

Your own druggist sells Dr. Williams' Pink Pills or they will be mailed, postpaid, on receipt of price, 50 cents per box, six boxes \$2.50, by the Dr. Williams Medical Co., Schenectady, N. Y. The pamphlet, "Building Up the Blood," is free on request.

brother of Francis MacMillen. Miss Zoe Fulton, Mrs. J. S. Jones, Mrs. McMahon of Columbus, Miss Marie Hertenstein of Columbus, Miss Florence King, Mr. and Mrs. W. W. Davis and Mr. and Mrs. C. W. Miller.

The Good Will club was entertained at the home of Mrs. Clyde Cummings in Seroco avenue on Thursday afternoon and the time was spent with crocheting and needlework. Luncheon of pretty appointments was served and the club will meet on the club day with Mrs. Grace Young in Seroco avenue.

Mr. and Mrs. Joseph Sprague entertained at dinner at the Sherwood Hotel on Thursday evening, in honor of Dr. Ernest Kunwald director of the Cincinnati Symphony orchestra and Mr. and Mrs. Julius Strum, the former being cellist with the orchestra. The table was arranged with spring flowers, ionquils and hyacinths and the following were guests: Dr. Ernest Kunwald, Mr. and Mrs. Julius Strum, Mr. and Mrs. Byron B. Ashbrook of Johnston, Mr. and Mrs. W. W. Davis, Miss Hazel Atchison, Mr. Walter Bainbridge and Miss Josephine Sprague.

The Sesame Club entertained with a banquet at the home of Mrs. J. L. Premier in St. Clair street on Tuesday evening. The diversions of the evening consisted of games, and contests, the winners of the prize being Mrs. Walter Trickey, Mrs. Lucille Fristoe, Messrs. Richard L. Gault and Glen Garlinghouse. Excellent music was furnished throughout the evening by a three-piece orchestra composed of Miss Nellie Premier, Wilbur Gault and Bohla Premier. Vocal solos were given by Mrs. Henry Froelich and Mrs. C. L. Wilcox, while Miss Marie Trickey gave a reading which was greatly enjoyed.

A delicious course supper was served the following: Messrs. and Mesdames C. L. Wilcox, Richard Ingram, Henry Froelich, Walter Trickey, L. A. Gault, Tom Driscoll, M. J. Parker, Glen Garlinghouse, J. L. Premier, Sam Gallacher, Charles Haines, Sherman Fristoe, John Galbacher and Mrs. Lydia Spooner of Columbus. Mesdames Nellie Premier, Lucille Fristoe, Maria Trickey, Gertrude Wilcox, Vivian Parker, Messrs. Wilbur Gault, Edward Wilcox, Frank Binder, Rollin and Carl Premier.

The club will meet March 22 with Mrs. Parker, 39 Grant avenue.

The Idle Hour Club was entertained at the home of Mrs. Clyde Trees at her home in Linden avenue on the regular club day. A dainty luncheon was served in needlework and contests. Mrs. Wm. Davidson, Mrs. Chas. Eichorn and Mrs. Harry Rainey were the lucky contestants. At the close of the afternoon a dainty luncheon was served to the members and following guests: Mesdames Martin, Rainey, Deck, Trees, Wagner. One new member was taken in the club. The next meeting will be in two weeks with Mrs. Luther Benner, 235 North Fifth street.

Errick—Grimes. The marriage of Mr. Percy D. Errick and Miss Nellie Grimes took place at the First M. E. Church parsonage Thursday at 5 p. m. Dr. L. C. Sparks reading the ring ceremony of his church. The wedding was witnessed by Mr. and Mrs. Marion Coyle, friends of the contracting parties. They will reside in Newark.

Members of Class No. 7 of the East Main Street M. E. church are invited to spend this evening at the home of Miss Marie Brown, in 532 East Main street.

The Centum club is entertaining with a St. Patrick's Day dancing party this evening at Assembly hall. The dance program will consist of a great number of Irish airs.

The members of the B. G. Club met at the home of Miss Lucille Elliott in Bolton avenue, Thursday evening March 16. The evening was

delightfully spent in games and music after which the guests were invited to the dining room where a dainty luncheon was served, the centerpiece was of green carnations and ferns and dainty place cards seated the following members: Indus Dush, Osie Clark, Ila Biddle, Vera Lane and the hostess.

The out of town guests present were Miss Marcella Walker of Dayton and Amelia Schenker of Woodsville.

On Wednesday afternoon Mrs. B. E. Brown of 28 Oakwood avenue, was hostess to the members of the Omega Embroidery club. A new secretary was elected. The members voted that a letter of sympathy be sent to Mrs. D. Peepers, one of the members who is sick in the hospital. The time was spent in needlework and crocheting. A contest was indulged in, in which Mrs. J. C. Montgomery won first prize and Mrs. Bland second prize. The members were invited to the dining room which was beautifully decorated with the club colors, pink and white. Dainty place cards seated them to a elegant two-course luncheon. The guest of the club was Mrs. Nellie Harter. Mrs. B. E. Brown assisted in entertaining.

The next meeting will be held at the home of Mrs. Humphreys, corner of Oakwood and Tuscarawas street, March 29.

The Cornelli club spent Wednesday with Mrs. Murray DeFrance at her home 221 Hancock street. A two course luncheon was served the following members: Mesdames Haddit, Hall, Melick, Walters, Provins, Osie DeFrance and McWilliams.

Our Boys and Girls

A mother cannot be too careful in training her children to chew their food well and to take sufficient time for meals. Indigestion will surely result from rapid eating and from the crowding of food into the stomach. The child that eats rapidly overloads his stomach before his hunger is satisfied.

Restless sleeping with irritable temper and a depleted nervous system is another result of rapid eating. No child should come in overheated and excited from a riotous meal and be permitted to eat immediately. A few minutes of quiet and relaxation should precede the meal. Neither should the child be permitted to play violently after eating a full meal as serious illness and even death may result. If the mother feeds her baby slowly the tendency to eat fast will not be cultivated.

Nearly two billion dollars are deposited in savings banks of New York State.

Try This If You Have Dandruff

There is one sure way that never fails to remove dandruff completely and that is to dissolve it. This destroys it entirely. To do this, just get about four ounces of plain, ordinary liquid arvon; apply it at night when retiring; use enough to moisten the scalp and rub it gently with the finger tips.

By morning, most if not all, of your dandruff will be gone, and three or four more applications will completely dissolve and entirely destroy every single sign and trace of it, no matter how much dandruff you may have.

You will find, too, that all itching and digging of the scalp will stop instantly, and your hair will be fluffy, lustrous, glossy, silky and soft, and look and feel a hundred times better.

You can get liquid arvon at any drug store. It is inexpensive, and four ounces is all you will need. This simple remedy has never been known to fail.

Milady's Boudoir

Speaking of housework again as an exercise, many women look upon systematic exercise as a waste of time. Some will say that housework is, in itself, all the exercise needed. The psychologist would say that the performance of household duties has as an object the completion of a certain amount of work. The mental attitude of the housewife, then, is work, whereas the woman who is exercising with exercise only in view, has as an object only her health. This will show you that there is a mental side of the question of exercise as well as a physical side, and that motive which we have uppermost in the mind is the one that effects us most physically.

If you are systematic, you will map out the work for the day, no matter what it may be, so that you can go through it without having to stop to think about what you shall do next when you finish each task. In this planning do not fail to include the constitutional or the exercise hour. If you cannot go out of doors with its natural tonic of air, you must, if you value your good health and good temper, take indoor exercise.

Perhaps you cannot have a gymnasium. In the expensive sense of the word, but you can rig up a few ropes and an old sawhorse and may be add a dumbbell or two and a broomstick. Do not overdo in exercising so that you become exhausted instead of invigorated.

Everyday Etiquette

"Mother, is it proper for me to recognize on the street men who call on my employer at his office," inquired Gertrude, the stenographer.

"If you see that they recognize you it is all right to bow formally," answered her parent.

"Should I signify how long I wish my friends to stay when they are visiting me?" asked Mrs. Youngbride.

"You should" be very explicit on this point when extending the invitation," advised her mother-in-law. This is for the convenience of yourself and your household."

The Sick.

Mrs. A. W. Ryan was removed from her home, 232 Union street to the Newark Sanitarium in the Bazler ambulance where she underwent an operation. The attending physicians were Dr. W. E. Wylarch of Newark and Dr. Hamilton of Columbus.

Mrs. Clyde Totten was removed from her home in Homer to the City Hospital on Thursday in the Bazler white ambulance. She underwent an operation, the attending physician being Dr. U. K. Essington.

DON'T GO TO BED WITH COLD FEET

Says: "Often Brings on Attacks of Acute Rheumatism."

An ounce of prevention is worth a pound of cure, and people who are subject to attacks of rheumatism should never go to bed with cold feet. A whole lot is being said about taking salts and effervescent tablets for rheumatism and sciatica, but those who suffer twinges and painful swollen joints need something powerful to overcome their piteous suffering.

Any broad-minded druggist will tell you that one-half teaspoonful of Rheuma taken once a day is driving more rheumatism out of afflicted people than all the salts on earth. Right in this neighborhood T. J. Evans and all druggists sell large quantities of it, and it's the surest and most inexpensive remedy—about 50 cents a bottle.

Indoor Life Makes Fat

Try Oil of Korein to Keep Weight Down, or to Reduce Superfluous Fat.

People who are confined within doors and who are deprived of fresh, invigorating air and exercise must take precaution to guard against overweight, as fat acquired by indoor life is unhealthy and a danger to the vital organs of the body. Lack of exercise in the fresh air weakens the oxygen-carrying power of the blood, so that it is unable to produce strong muscles and vitality and the formation of unsightly and unhealthy fat is the result.

If you are 15 or 20 pounds above normal weight you are daily drawing on your reserve strength and are constantly lowering your vitality by carrying this excess burden. Any persons who are satisfied in their own mind that they are too stout are advised to go to W. A. Erman, Evans Drug Store or a good druggist and get a box of oil of korein capsules, and take one just before retiring at night.

Even a few days' treatment has been reported to show a noticeable reduction in weight, improved digestion and a return to the old energy; footsteps become lighter and the skin less flabby in appearance as superfluous fat disappears.

Oil of korein is inexpensive, cannot injure, and helps the digestion. Any person who wants to reduce 15 or 20 pounds is advised to give this treatment a trial.

Granville

[Special to The Advocate]

Granville, March 17.—Daffodils, golden butterbells, smilax and palms were the decorations used for the beautifully appointed reception given at the home of Dr. C. J. Loveless in Broadway, Thursday afternoon, March 16 by Mrs. Clyde J. Loveless.

Mrs. George M. Strong and Mrs. Horace W. Emswiler to almost three hundred women. The dining room was charmingly suggestive of a

spring blossoms, over which were suspended the butterflies. Yellow candles in crystal holders lighted the tea table, centered with daffodils, and presided over by the two assistant hostesses during each hour.

In the receiving line were: Mrs. Loveless, Mrs. Strong, Mrs. Emswiler, Mrs. Kessell of Follansbee, W. Va., and Mrs. Rogers of McConnellsville, O.

Assisting the hostesses were Mrs. L. A. Austin, Mrs. J. L. Ogilvie, Mrs. J. S. Graham, Mrs. W. P. Ullman, Mrs. C. W. Chamberlain, Mrs. J. W. Rohrer, Mrs. M. E. Stickney, Mrs. C. W. Henderson, Mrs. Fred Buxton, Mrs. W. E. Clemens, Mrs. C. D. Coon, Mrs. C. J. Rose, Mrs. C. E. Stanton, Mrs. W. H. McKibben of Zanesville and Mrs. L. E. Davis poured during the first hour.

Mrs. Stickney and Mrs. Henderson during the second hour, and Mrs. Freeman Chrysler and Mrs. Wilson of Utica during the third hour.

Those assisting in the dining room during the afternoon were: Mrs. Brehm, Miss Nichol, Miss Gilmore, Miss Evangeline Davies, and Mrs. Walter Livingston, Miss Kendall, Miss McCaffery and Mrs. Roe Mortimer. An elaborate two course repast was served by trained waiters.

Out of town guests were: Mrs. Edgar Kissell of Follansbee, W. Va., Mrs. W. H. McKibben of Zanesville, Mrs. Rogers of Malta, Mrs. A. B. Norris, Mrs. E. C. Norris of Frazzysburg, Mrs. Wilson, Miss Mary Helphrey, Mrs. Brehm of Utica, Mrs. T. A. Mitchell, Mrs. Evans, Mrs. Farwell, Miss Hawke of Newark. Good music was a feature of the afternoon.

The Denison Glee club left at noon today for Pittsburgh where they will fill two concert engagements.

Center Star Lodge No. 11, F. & A. M., conferred two degrees last night.

Mrs. C. B. White will devote the time of the children's story hour on Saturday afternoon in the Granville Public Library to the stories of two of Wagner's operas, "Lohengrin" and the "Flying Dutchman." These

are romantic and fascinating tales, aside from the music, and every child in town should be present at the hour named, 1:30 o'clock.

Mr. and Mrs. Fulton Van Voorhis have returned from an extended visit to the Isle of Pines.

Mrs. I. H. DeBow has returned home from a fortnight's visit with relatives and friends in Lorain and Cleveland.

Mrs. L. W. Perry has left for Daytona, Fla., where she expects to spend a month.

Miss Anna Hughes has gone to Detroit to consult an eye specialist. She was accompanied by Mrs. Geo. Reece of the Lancaster road.

Mrs. H. W. Emswiler has as house guests for a day or two, Mrs. Wilson, Mrs. Brehm and Miss Helphrey of Utica.

Readers' Viewpoint

Cherry Valley School.—There seems to be quite a controversy by the members of the Newark township Board of Education in regard to building a school house in Cherry Valley district where something should be done as the one we have is not large enough to accommodate the number of children in the district. One member says it would be cheaper to send the children to the city and pay tuition, than to build a larger school and pay more teachers. I have been paying tuition in the city for almost four years (paying for two the past two years) and I would like the Board to make a decision soon, either pay my children's tuition or build the school. I pay city school tuition and township school tax and get not the least benefit whatever from the latter.

Please give us school room or pay our tuition.

Respectfully,

IF YOU ARE A DRINKING MAN

You had better stop at once or you'll lose your job. Every line of business is closing its doors to "Drinking" men. It may be your turn next. By the aid of ORRINE thousands of men have been restored to lives of sobriety and industry.

We are so sure that ORRINE will benefit you that we say to you that if after a trial you fail to get any benefit from its use, your money will be refunded.

When you stop "Drinking," think of the money you'll save; besides, sober men are worth more to their employers and get higher wages.

Costs only \$1.00 a box. We have an interesting booklet about ORRINE that we are giving away free on request. Call at our store and talk it over.

Wall Street
[ASSOCIATED PRESS TELEGRAM]
New York, March 17.—Material gains were registered at the outset of today's active market, war shares and allied specialties being the most conspicuous features. Advances ranged from one to three points in American Can, American Locomotive, Mexican Petroleum, Colorado Fuel, Lackawanna Steel and the sugar and shipping shares. Mercantile Marine Preferred was especially prominent and with Can and United States Steel was freely absorbed. Crucible Steel was inclined to react in the initial dealings but soon made full recovery. Rails manifested their usual backward tendency, with recessions in Reading and Great Northern. Activity abated toward the end of the first hour, trading falling far below yesterday's cor-

responding period. Prices yielded as
groups, with few exceptions, cancelling
early gains and showing general
weakness. Profit-taking contributed to
the decline, but short selling, in-
duced by adverse Mexican rumors, also
was a factor. The market hardened
again toward midday, mainly in con-
sequence of a broad demand for coal-

with gains of two to three points.
Bonds were steady.
Crucible and Bethlehem Steel, ex-

nipulated upward in today's market
while representative stocks were
barely firm.

The Scorpion's Fainting Fit.
The scorpion that is placed in the
center of a ring of coils does not com-
mit suicide by stinging himself to
death as has been claimed. In lands
where the scorpion abounds it is a regu-
lar pastime among countrymen to
ring a scorpion with fire and watch
him commit, as is believed, the happy
dispatch. Nevertheless the scorpion
has the last laugh and not the specta-
tor. The scorpion, though an inhabit-
ant of torrid regions, is so delicately
organized that a very slight increase
above the normal temperature pro-
duces a condition in him analogous to
a fainting fit. Driven desperate by
the heat, he lashes his tail wildly, giv-
ing the impression that he is plunging
his sting into his own body. Then he
falls motionless. As a presumably
dead scorpion has no further interest
for the spectators, he is usually left
where he has fallen, and after the fire
has died down he recovers and crawls
away.—Harper's.

WILLIAM A. HITE MAY ENTER RACE FOR THE SENATE

[Special to The Advocate]
New Lexington, March 17.—Attorney William A. Hite, who represented Perry county in the legislature at the last session, is expected to be a candidate for the Ohio senate in the Licking-Delaware-Muskingum-Perry district. Mr. Hite has made no announcement but close friends say that he is seriously thinking of "throwing his hat in the ring." Attorney J. H. Miller of Newark is known to be a candidate for the nomination on the Democratic ticket and the fact that Mr. Miller has a large following here in Perry county as well as in the other sections of the joint 15th-16th district is said to make Mr. Hite hesitate about announcing his candidacy. Mr. Miller was the nominee two years ago and he has been urged by many to seek the nomination this year.

Marie Doro in "Diplomacy."
The Comtesse succeeds in stealing the documents and induces Doro to write a note to Baron Stein, her accomplice, in which the conspirator slips the stolen drawings. She then contrives to have this note fall into the hands of Henri and Julian, who can do nothing but follow up the clue.

"The Princess" Opens.
"The Princess" is the new name for the old Koz theatre. After being closed for several days in order to make a number of improvements, this theatre east of the Interurban station on East Main has reopened under a new name.

On Saturday Lefus Film Corporation will present "Captain Swift" featuring C. Madden Chambers. This is a strong five reel drama.

For Sunday the manager of the Princess has secured one of the most laughable comedies ever shown on a screen and if you have never laughed at any before you will when you see this. Augustus Thomas presents Dingley Bell in "The Education of Mr. Pipp," in five reels, produced by the All Star Feature Corporation and controlled exclusively by Alco Film Corporation.

Mary Pickford at Mazda Saturday.
Patrons of the Mazda will be pleased to learn of the booking of Mary Pickford as a Saturday attraction. Today's attraction will be Betty Nansen in "A Paradise Lost."

Petrova at Auditorium.
Mme. Petrova, the foremost emotional actress of the stage and screen, who is being starred in Metro wonderplays, will be seen on the screen at the Auditorium on Sunday March 19 in "What Will People Say?" an interest compelling five part feature, produced by the Popular Plays and Players. In this feature, the original of which was written by Rupert Hughes, the famous dramatist and novelist, Mme. Petrova has found the best vehicle ever provided in motion pictures.

TRINITY CHURCH LENTEN CANTATA

Each year, the choir of Trinity Church renders one or more of the noted cantatas, setting forth the teaching of the Lenten season.

On Sunday evening at the seven o'clock service, the famous musical work of Dr. Maunder will be given. It bears for its title, "Penitence, Pardon and Peace" and is a favorite musical work, both in this country and England. In its solo, duet and chorus work, it is most attractive.

Under the direction of Mr. Karl Eschman, this cantata will be sung at the regular evening service in Trinity Church on Sunday next. The public is invited.

TO REMOVE DANDRUFF

Get a 25-cent bottle of Danderline at any drug store, pour a little into your hand and rub well into the scalp with the finger tips. By morning most, if not all, of this awful scurf will have disappeared. Two or three applications will destroy every bit of dandruff; stop scalp itching and falling hair.

Women Should Get This Habit As Well As Men

Don't eat a bite of breakfast until you drink glass of hot water.

Happy, bright, alert—vigorous and vivacious—a good clear skin; a natural, rosy complexion and freedom from illness are assured only by clean healthy blood. If only every woman and likewise every man could realize the wonders of the morning inside bath, what a gratifying change would take place.

Instead of the thousands of sickly, anaemic-looking men, women and girls with pasty or muddy complexions; instead of the multitudes of "nerve wrecks," "rundown," "brain fags" and pessimists we should see a virile, optimistic throng of rosy-cheeked people everywhere.

An inside bath is had by drinking, each morning before breakfast, a glass of real hot water with a teaspoonful of limestone phosphate in it to wash from the stomach, liver, kidneys and ten yards of bowels the previous day's indigestible waste, sour fermentations and poisons, thus cleansing, sweetening and freshening the entire alimentary canal before putting more food into the stomach.

Those subject to sick headache, biliousness, nasty breath, rheumatism, colds; and particularly those who have a pallid, sallow complexion and who are constipated very often, are to obtain a quarter pound of limestone phosphate at the drug store which will cost but a trifle but is sufficient to demonstrate the quick and remarkable change in both health and appearance awaiting those who practice internal sanitation. We must remember that inside cleanliness is more important than outside, because the skin does not absorb impurities to contaminate the blood, while the pores in the thirty feet of bowels do.

AS WE GROW OLDER

our minds are quite as active as in former years but our strength does not respond when we need it most; perhaps the kidneys are weak, the liver torpid, rheumatic pains or stiffened joints beset us, and we cannot easily throw off the colds that winter brings.

What we need is the rich cod liver oil in Scott's Emulsion to renew the blood and carry strength to every organ of the body, while its glycerine soothes the respiratory tract, and its hypophosphites strengthen the excitable nerves.

Scott's Emulsion is a scientific food, of unusual benefit to those past fifty years—particularly during the colder seasons, it imparts warmth and creates strength. One bottle will prove its worth. No alcohol or harmful drugs.

OLIVER W. STEWART CHURCH OF CHRIST TUESDAY EVENING

Oliver W. Stewart of Chicago, temperance orator of national fame, will address a mass meeting at the Central Church of Christ next Tuesday evening, March 21st.

Mr. Stewart is a thorough student of civic questions and a master in handling the different phases of the temperance problem. He speaks with unusual power. He will be assisted in the meeting by Miss Vera K. Mullin of Indiana, who has traveled for three years over the United States, as soloist, assisting a group of workers in civic and temperance campaigns. Her pianist is Miss Iris Robinson of the same state. A crowded house should greet these talented people. Admittance free.

Nerv-Worth Also Warded Off Grip From the Father.

Here is a new Nerv-Worth endorsement which strikes a new note of value and significance. It comes from Grant Wilson, of Zanesville and reads as follows:

"Nerv-Worth Co.—Every year for the last five years I have been afflicted with bad attacks of la grippe. This year I have taken Nerv-Worth and have not been bothered at all, although I am out in all kinds of weather.

It (Nerv-Worth) gives me a fine appetite and I recommend it as a splendid tonic.

"Our youngest child has become sound and well and improved in every way since taking Nerv-Worth."—GRANT WILSON.

IF KIDNEYS ACT BAD TAKE SALTS

Says Backache is a sign you have been eating too much meat, which forms uric acid.

When you wake up with backache and dull misery in the kidney region it generally means you have been eating too much meat, says a well known authority. Meat forms uric acid which overworks the kidneys in their effort to filter it from the blood and they become sort of paralyzed and loggy. When your kidneys get sluggish and clog you must relieve them, like you relieve your bowels; removing all the body's urinous waste, else you have backache, sick headache, dizzy spells; your stomach sours, tongue is coated, and when the weather is bad you have rheumatic twinges. The urine is cloudy, full of sediment, channels often get sore, water scalds and you are obliged to seek relief two or three times during the night.

Either consult a good, reliable physician at once or get from your pharmacist about four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salts is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to cleanse and stimulate sluggish kidneys, also to neutralize acids in the urine so it no longer irritates, thus ending bladder weakness.

Jad Salts is a life saver for regular meat eaters. It is inexpensive, cannot injure and makes a delightful, effervescent lithia-water drink.

ENLISTING

AT STATIONS THROUGHOUT THE COUNTRY FOR SERVICE IN ARMY

New Method Evolved for Securing Signal Service Men—A Thousand in Chicago.

(ASSOCIATED PRESS TELEGRAM) Chicago, March 17.—When the work during the last two days of the United States recruiting offices in the Chicago district was summed up today it was found that more than 1,000 men had applied for enlistment in the army.

One hundred of these applicants already have been accepted and sent to the army training camp at Jefferson barracks, Missouri.

A new method has been evolved for securing men for the signal corps of the second battalion of field artillery, Illinois National Guard. Captain Lloyd Canby, of the signal corps and Edward Watkins, an amateur wireless operator, by "listening in" with Watkins wireless plant to conversations of amateurs for several nights, were able to get in touch with many of the operators and obtained the names of seventy-five men who said they would report for recruiting.

25 Years Ago

(From Advocate, March 17, 1891.) John D. Law, well known throughout this county, was killed at noon today at the Union Station, when he attempted to cross the tracks in front of B. & O. train No. 104.

A special meeting was held yesterday by citizens and tax payers in the council chamber. The meeting was called by the board of trade to discuss appropriation to aid manufactures in this city.

Miss Thurlow returned yesterday morning from New York.

Mr. B. Hirschberg, of Youngstown, O., who has been a guest of his brother Mr. L. Hirschberg for a few days past, has returned to his home.

15 YEARS AGO TODAY.

(From Advocate, March 17, 1901.) Sometime Saturday night burglars entered the Kates' grocery store on South Fifth street, securing \$35 worth of groceries of all kinds including cigars, tobacco, coffee, beans, spices, etc.

Mr. Hugh Stewart, a car builder at the Jewett works, who has been sick for several days, was able to be out today.

Mrs. E. B. Meriam of Cleveland is visiting her mother, Mrs. King in this city.

The World War a Year Ago Today—March 17.

The British government decided to organize the industries of the country in order to increase the munition output.

French aviators threw bombs on the open town of Schlettstadt, Alsace, one bomb killing two children and wounding ten in a schoolhouse. In retaliation a German Zeppelin dropped heavy bombs on Calais, killing seven railway employees.

German artillery bombarded Osowetz, Russia, nine hours.

COSHOCOTON MAN SPOKE TO HEBRON BIBLE CLASS.

Mr. Joseph Clark of Coshocton a teacher of a men's Bible class at Coshocton delivered an excellent address to the Men's Bible Class of Hebron M. E. church at their monthly meeting on Tuesday evening, March 14th. Despite the inclemency of the weather there was a fairly good attendance. Mr. Clark is an able speaker and his message to the men was much appreciated. We hope that Mr. Clark will favor us with his presence at some future meeting.

KIDNEY DISORDERS QUICKLY RELIEVED

T. J. Evans the popular druggist, has established a new record in the sale of medicine. He says he don't believe any medicine ought to be paid for unless it does the user some good and he has adopted the plan of selling Solvax, the standard kidney remedy, under a positive guarantee of quick relief from all kidney or bladder misery, or money back without a question. This speaks eloquently for the virtues of the remedy that already has created such widespread demand in Newark, Ohio. Hundreds of people in every walk of life have been relieved of the agonies attendant on weak, disarranged or clogged-up kidneys and bladder by this remarkable remedy. It is not just merely a kidney treatment, it is a medicine that puts the entire, pain-racked body into normal condition and gives vigorous health after the many painful disorders caused directly or indirectly by sick kidneys. A change for the better will be seen after the first few doses of Solvax and its continued use will soon tone up the entire system of improperly working organs and give you the desire to live and enjoy life to its fullest.

Solvax is considered the best kidney remedy on the market today because it aims to cure by striking directly at the cause of all the trouble. The many pains and aches caused by improperly working kidneys cannot be permanently cured unless the cause is removed.

Solvax is sold under a positive guarantee to refund the money if it does not cure. This is the strongest proof that can be offered as to the merit of the medicine. You are cheating yourself out of your life if you don't give Solvax a chance.

PARIS OFFICIALS LOOK FOR CHANGE IN NAVAL POLICY

(ASSOCIATED PRESS TELEGRAM) Paris, March 17, 3:13 a. m.—The retirement of Admiral von Tirpitz is considered in French official circles, according to the Paris newspapers, to be due to the fact that he has opposed the coming out of the German fleet while emperor William desires to see it engage the British naval forces.

The conclusion is consequently drawn that a change may be looked for in the German naval policy.

Woolworth Store Being Enlarged

The Woolworth store is being enlarged. This store is managed by Mr. A. E. Willert and when the changes are completed, will have 7,000 feet of space devoted to the selling of goods. Fifty feet back from the entrance to the store, there will be no changes made. There the south wall has been taken out and the store is made one with the rooms formerly used by the Franklin hotel, and an addition has been built on the vacant lot back of the hotel building. There will be two floors and the added floor space is 4,000 square feet.

A number of new departments will be added, and an important feature of the work will be the completely equipped and comfortably furnished rest room for the employees.

A formal opening of the store will probably take place near Easter.

PIRATES ASK WAIVERS.

(ASSOCIATED PRESS TELEGRAM) Pittsburgh, March 17.—The Pittsburgh National league club has asked waivers on infielder James Smith, Catcher Fred Blackwell and Pitcher Douglas. The three are recruits.

AN EASY WAY TO END CATARRH FOREVER

Simple Home Treatment Destroys Germs of This Dangerous Disease.

The reason why so many people who suffer from Catarrh never seem able to get cured is that they are continually seeking the momentary relief of sprays, douching, greasy cream, ointments, etc. Such things do open up the swollen nostrils and clear the head temporarily, besides stopping for a while the disgusting blowing, hawking, spitting and choking, but they never cure. To drive out Catarrh for good you have got to get down to its real cause. Catarrh is a germ disease. The air is always full of catarrh germs thrown off by one person and absorbed by another and when the system does fail to throw off such germs they find permanent lodgement in the nose, throat and head and multiply rapidly.

The germs of catarrh can be best destroyed by inhaling the pure medicated air of Hyomei (pronounced High-o-me). This splendid and powerful combination of oil of Eucalyptus with other healing agents has a wonderful germicidal action. You breathe its air into your nose, throat and lungs by means of a small hard rubber inhaler which T. J. Evans and other leading druggists here in Newark, Ohio, and vicinity supply with every treatment. This medical air is certain death to the germs of Catarrh and drives them completely out of your system and when the germs are destroyed the catarrh with all its disagreeable symptoms will stop. Even two or three minutes use will give refreshing relief, while, if you will use it two or three times a day for a few weeks it will completely banish catarrh and every symptom of catarrh. As Hyomei is pleasant to breathe and is always sold by druggists everywhere with a positive guarantee of successful results or money back, surely no Catarrhal sufferer should go long before trying this simple home remedy.

Hamilton Mothers Find Dosing No Longer Necessary

For Croup and Cold Troubles They Just Apply Vick's Vap-O-Rub Well Over Throat and Chest, and Cover With a Warm Flannel Cloth.

The Body Warmth Releases Medicated Vapors that are Inhaled, with each Breath, All Night Long.

A few winters ago when Vick's Vap-O-Rub was first introduced in Hamilton, Ohio, the local druggists presented complimentary jars to a few of their customers, and requested that this new preparation be given a thorough trial and the results reported.

FRED GOWER, 534 N. Seventh Street, reports:—

"I wish to state that my wife has used Vick's Vap-O-Rub Salve for croup and sore throats on the children, and it seemed to relieve them right away. I used it for general purposes, such as cuts, galls and sore arms, and was very much satisfied with the results, and I always have a box in the house."

A. L. MORRIS, R. F. D. No. 10, writes:—

"We are very well pleased with Vick's Vap-O-Rub Salve. Have tried

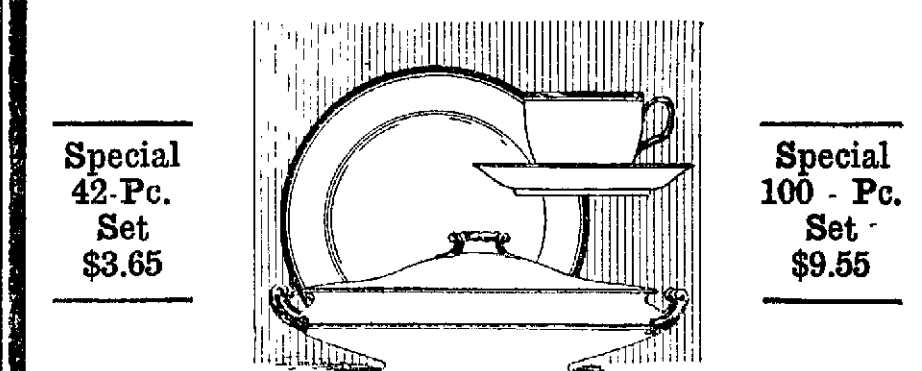

it for catarrh, cold in the head and sore throat with good results." MRS. SAMUEL EASTER, formerly of Hamilton, now of 2619 Woodhill Road, Cleveland, Ohio, writes:—

"I used your Vick's Salve for a severe cold in the chest, and it helped me in a little while. Then I gave it to my daughter to use for her babies that were threatened with croup, and it proved satisfactory."

Vick's Vap-O-Rub comes in salve form, and has a two-fold action. Internally it acts like the old-fashioned vapor lamp. When applied to the body, the body warmth releases the ingredients in the form of vapors. These vapors are inhaled, with each breath, all night long, carrying the medication direct to the parts affected. Externally Vick's is absorbed through and stimulates the skin, acting like a poultice or a blister, and aiding the vapors inhaled to relieve the congestion. You will find it superior to internal medicines for all forms of cold troubles, from head colds, asthma and catarrhal troubles, down to deep chest colds, sore throat, la grippe, bronchitis or incipient pneumonia. Three sizes, 25c, 50c or \$1.00.

Splendid Laxative For Elderly Lady

Has Been Prescribed by Well Known Physician for Many Years.

The infirmities of age are especially manifest in a tendency to constipation, and call for treatment that will afford relief in an easy, natural manner. The rapid action of cathartic remedies and purgatives that shock the system should be avoided, more especially as the relief they offer is only temporary and is usually more than offset by disturbance to the vital organs caused by their violent action.

Nearly thirty years ago Dr. W. B. Caldwell, Monticello, Ill., prescribed a compound of simple laxative herbs that has since become the standard household remedy in thousands of homes. It acts easily and gently, yet with positive effect, without griping or other pain or discomfort. Mrs. Rachel Allen, Galesburg, Kans., is seventy-one years old, and after using a bottle of Dr. Caldwell's Syrup Pepsin for fifty cents a bottle, it is a splendid remedy and should be in every home. A trial bottle, free of charge, can be obtained by writing to Dr. W. B. Caldwell, 451 Washington St., Monticello, Ill.

Music

(By Joe Miller)

Dr. Ernest Kinnwald and his Cincinnati Symphony Orchestra, under the baton of the latter, will give a concert program last night, saving the best for the last, when Delibes' "Sylphs" will be played. This piece showed more ensemble and orchestral excellence than any of the preceding, as it gave opportunity for the wood-wind and other accessories to blend into a harmonious entity, under the expert direction of Dr. Kinnwald. It was deeply to be regretted that the orchestra had fourteen members short, but in spite of this, the conductor gave a

concert program of lighter music which the audience took for the unimpaired excellence of its condition, rather than for its intrinsic symphonic worth. Dr. Kinnwald has done wonders with this orchestra, and his brain is to the rank that musicians are glad to accord it.

The audience greatly enjoyed the concert, and the character of the program was such as to appeal to the popular taste rather than to the musically esthetic. This was especially evident at one time when the orchestra was such that the conductor brought the members to a level of excellence.

PURE BLOOD.

Twenty-four hours after you start to take Dr. Pierce's Golden Medical Discovery, poisonous matter and all impurities begin to leave your body through the eliminative organs.

It brings new activity to the liver, stomach and bowels in a short time, thus causing salivary, indigestion and constipation to disappear.

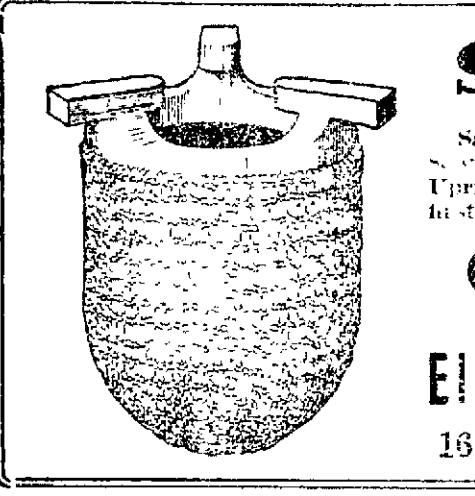

To enter the tiny blood vessels of the skin, bringing with it fresh vitalized blood, and giving forth in wonderful cleansing power has come to thousands, when piles, boils, carbuncles, rash, eczema, and other skin troubles dried up and disappeared.

Good blood means good health, good health means strength, and when full of vigor and ambition, with lungs alert and muscles ever willing, the medicine dealer will supply you with Dr. Pierce's Golden Medical Discovery in either liquid or tablet form. Remember it is not a narcotic medicine, for its ingredients are printed on the wrapper. It is a pure glyceric extract of roots, made without alcohol.

What Our Neighbors Say.

Mansfield, Ohio.—"I am glad to endorse and recommend Dr. Pierce's Medical Discovery. I used it for a 'toning-up' medicine and it was satisfactory. It increased my appetite and straightened me up every way. It is a good builder and tonic."—J. W. T. Cookson, 151 South Foster Street.

A new man or "a new woman" can be made out of one that is "used-up," bilious and despondent. It is done by Dr. Pierce's Golden Medical Discovery. It starts the torpid liver into normal action, purifies and enriches the blood, cleanses, repairs, and strengthens the system, and restores health. As an appetizer, it sets at work all the organs of nutrition, and strength.

SISTERS WERE INDULGING IN BATTLE ROYAL

Ruby Allen, thirty, and Rose Allen, twenty-five, staged a few rounds at 12 o'clock at the home of Mrs. W. W. Davis, in the tenderloin district last night. Rose demonstrated that she was a toe-dancer and proved it by kicking her sister Ruby in the eye, discolored the eye and spoiling the latter's good looks.

Patrolman Johnny Jones, attracted by the racket, forced his way into the house in time to see Ruby go down for the count. The girls are from Cleveland and Ruby was known to the underworld as the "bar lady." Her sister was an inmate of the resort, or as they are called in the frame, a bar.

The Allen sisters found life a little slow for them after their long sojourn in the West City overlooking Lake Erie. They were used to the big cabarets where all is bustle, music and life and so they imbued a few decorations that starts the thrillers and the wretched patrolman arrived just in time to pull Rosie's toe out of Ruby's eye.

Ruby pleaded guilty before Mayor Butler today of running a house of prostitution, to being drunk and to fighting. She was assessed \$25 and costs on the first offense, \$25 and costs on the second, and \$25 and costs on the third, and also committed to the workhouse at Columbus.

Rose pleaded guilty to being an inmate of a house of prostitution and to fighting. She was fined \$25 and costs on each charge and the two sisters were advised that Newark was little but too slow for them and that they should make up their minds to start on a return trip for the day along the lake. Their fines were suspended on condition that they would head the request and they were given until Saturday evening to shake the dust of old Newark off their feet.

Blanche Geplarr was brought in charged with being an inmate of a house of prostitution and with street walking. She was given a suspended sentence of \$25 and costs and a trip to the Columbus workhouse provided she would promise to leave the city by Saturday noon. She promised.

Blanche Simons, an inmate of a resort in the tenderloin was brought into court and fined \$25 and costs which was remitted on condition that she bid her friends good-bye and move to some other halfway. She will move tomorrow.

One youth of eighteen was fined five and costs for looking upon the cup when it is red. The fine was suspended upon his promise to be good in the future.

Justice Jones' Court.

The case of the state against John Mehr is being heard in the justice court of D. M. Jones this afternoon. Mehr is charged with fish and game warden with having a throw-net in his possession. The state is represented by Attorney Calland of the attorney-general's office at Columbus and the defendant by Attorney James R. Fitzgibbon of this city.

 suffered a great deal at the City
 Hospital Thursday night but was
 resting more comfortably today.
 The physicians attending him are Dr.
 Carl Evans, Dr. J. T. Harbottle and
 Dr. Homer J. Davis.

Receives Shamrocks.
 James McGee who resides in South
 Fourth street today received a pack-
 age of shamrocks, from relatives who
 reside in Ireland.

Irish Antique.
 In the display window of the A.
 Schiff store was seen today an Irish
 flag, which is over 100 years old. The
 banner has a dark green background
 with the picture of the patron saint,
 St. Patrick, and the words "God
 Save Ireland." It was the property
 of Mr. John McKenna who brought
 it from the County Tyrone, Ire-
 land. The flag had been buried
 about twenty years, in accordance
 with an English law.

 George "Weasel" Donson, a popu-
 lar B. & O. conductor and a district
 organizer of the lodge of "Fies"
 called a special meeting of the build-
 ing committee Friday evening to
 outline plans for a lodge home. Mr.
 Donson in a very neat speech spoke
 of the great increase in membership
 of the order and the necessity of hav-
 ing a home of their own. A number
 of novitiates were initiated by the
 district deputy.

Box of Shamrocks.
 Jimmie Fullen, of the Murphy
 grocery in West Main street, was
 passing around sprigs of Shamrock a
 box of which had been sent him from
 Avondale, County Wicklow, Ireland,
 the home of the great Irish Parlia-
 mentary leader, the late Charles
 Stewart Parnell. The shamrocks
 were plucked from the old Parnell
 homestead and were sent to Mr. Ful-
 len by the city's chief magistrate, a
 distant relative.

BEWARE OF THE RECTIFIED AND SPURIOUS TANLAC

THE PURE UNADULTERATED ARTICLE OF TANLAC IS SOLD AND
 GUARANTEED ONLY BY LEGALLY APPOINTED T A N L A C
 AGENTS

Disreputable Rectifiers Are Making From Two to Three Bottles Out of
 One Thereby Reducing Its Potency to Benefit.

Buyers of Tanlac beware! When you buy it be sure it is the genuine article, full strength and unadulterated. For it is being rectified as is sometimes whiskey and the bootlegging in Tanlac is in evidence just as is whiskey bootlegging. In the eastern part of the state a conscienceless firm or two are rectifying Tanlac and selling it to those who will buy it. Rectifying means they are taking from 2 to 2½ bottles out of one and using water freely in the compound and thereby sending out a concoction that is practically worthless. Whereas the pure and unadulterated Tanlac can be had at any legally appointed Tanlac agency in Licking county and every bottle of this Tanlac is shipped on the order of the Tanlac man from the man-ufacturers' laboratory at Dayton and is guaranteed by the Tanlac man and the agents who sell it, while any other sold in this territory is not guaranteed. Those expert Tanlac mixers can take one bottle of Tanlac and make at least two out of it and yet add some sort of concoction that

enables them to maintain the color and appearance of the genuine article. Purchasers of Tanlac, therefore, cannot afford to take any chances in purchasing Tanlac, but go to the regular agents and get the genuine article and not, for the sake of the saving of a few cents, buy the questionable article. There is not other than regular agents a dealer in Tanlac in Licking county who will claim that he receives Tanlac through the laboratory at Dayton, where it is made, as such a statement would be untrue, and if sworn to, perjury. The exclusive agents regularly appointed in Licking county and whose stock of Tanlac comes direct from the Dayton factory are Frank D. Hall, Newark; C. S. Howard, Johnstown; W. P. Ullman, Granville; Hebron Drug Company, Hebron; P. H. Richardson at Ulica, and J. R. Strine at Pataskala—these and only these are the legal agents of Tanlac and guarantee it to benefit or money refunded. All others who sell it are not regularly appointed Tanlac agents and the public is warned to take no chances in the purchase of Tanlac.

cuss the new proposed Pike's Peak Ocean-to-Ocean highway. A good attendance of the members is de-sired.

The Barking Wolf.
 The prairie wolf, the coyote of the Mexicans, is the American representa-tive of the old world jackal. It is thirty-six to forty inches long, with a tail measuring sixteen to eighteen inches. Its color is usually a yellowish gray on the back and sides with black cloudings. The under parts and inside of limbs are of a dirty white tint. The cry is a sort of snapping bark, and for this reason the animal is known as the barking wolf. It lives and breeds in burrows and has its young in April, often ten at a time. It hunts in packs and is very fleet.

Andrew Fisher, the new High Commissioner for Australia, began life as a pit hand in a Scotland coal mine.

FIRST Announcement

—of—

Dress Up-Week

From

Mar. 27 to Apr. 8th

In conformity with a proclamation issued by the manu-facturers and retailers throughout the United States, we here-with extend a cordial invitation to all our friends and patrons to join us in making this event a success.

The idea, as we see it, is to bring your personal appear-ance up to a higher standard. This does not mean to put on frills and fancies, but to dress in good taste, selecting quality apparel. It costs no more in the long run — in fact, much less. In buying early you get the benefit of complete assort-ments. Special attention is directed to this store's showing of the finer grades of clothing, hats and furnishings.

Kayser Silk Gloves Wear So Much Better

The very foundation of Kayser gloves—the Kayser silk—is pure and strong. This makes Kayser silk gloves wear so much longer, yet they cost no more than the ordinary kind.

Ask to See The Spring Display Of Kayser Gloves

They are shown in a variety of styles—the short two-clasp, the 12 and 16 button lengths, and all with silk covered clasps.

TWO-CLASP GLOVES 50c, 75c AND \$1.00 A PAIR.
White and colors.
16-BUTTON GLOVES \$1.00, \$1.50 AND \$2.00 A PAIR.
Some with plain cuff, others either tucked, embroidered or shirred cuffs, while others have the Queen Elizabeth cuff.

300 Fine
Waists
Offered at
\$1.00 Each

A full assortment of sizes in all styles, and thirteen styles to select from in white flannels with lace or embroidery trimmings. Other styles in striped voiles in fancy colored stripes or the narrow pin stripes.

The New Waists at \$3.48

Are in styles suitable for dress occasions or for street wear. Lace, crepe-de-chine, Georgette crepe in white and dainty colors. Lingerie models in many handsome styles—Each \$3.48

New Automobile Robes

Just Received

\$3.50 to \$7.50 Each

All wool robes, suitable for auto or steamer use. Beautiful plaids in colors that will not soil easily, such as brown, gray, green, red and black.

A splendid variety, some with shell finish edge, while others have a silk tape binding. Some styles are wind proof and dust proof, and others are of reversible fabrics, plaid on one side and plain on the other.

A big showing—Each \$3.50 to \$7.50

PRIZES

OFFERED FOR BEST PLANS FOR
DWELLINGS FOR WORK-
INGMEN.

Proposed Betterment of Living Con-
ditions for Railroad Laborers
and Their Families.

New York, March 17.—Prizes were offered today by a sub-committee of the National Americanization committee for plans for dwellings suitable for the use of workmen and their families and for the betterment of living conditions of railroad workmen who are living in old cars along the line of railroads.

Competitors are asked to supply plans for a house for a single family to include two bedrooms, a house for a family with four lodgers and a boarding house for thirty persons. Prizes of from \$100 to \$300 are offered for a satisfactory substitute for the freight cars now used as homes for railroad construction men.

The competitions are a part of the movement promoted by the immigrant housing competition commission to raise the standard of living for immigrant work.

J. G. Schmidlapp of Cincinnati, chairman of the housing committee, said the improvement of dwellings was greatly needed because so many persons were living in temporary houses in the great manufacturing centers. The manufacturer, he said, are building these houses in haphazard fashion, creating ugly unsanitary towns. Similar conditions prevailed, he said, in various labor camps.

OPEN MEETING LEMERT POST NEXT SUNDAY

An open meeting of Lemert Post, G. A. R., will be held at Memorial hall, Sunday, March 19 at 2 p. m. sharp. Following is the program:

Invocation—Chaplain Wilson.
Music, Orchestra of five pieces—
Leader, A. D. Hayes.

Vocal solo—Master Worth Crisswell.

Lecture, Napoleon—Dr. Prof. Elmer Jordan, superintendent of Licking County Rural Schools.

Old-time song—Mae Clark.
Song—Mrs. Ed Hulsizer.

The last open meeting was an interesting one. Its leading feature was a strong address on preparedness by Rev. George Bohon Schmitt.

The hall was well filled, and a number of persons were present for the first time at one of these open meetings.

The lecture on Napoleon for next Sunday will be of exceptional interest and every seat should be taken. Saint Jordan is a forceful speaker, and his subject is of intense interest. It is said that Napoleon has made more pages of history than any other man has made. He was largely responsible for Germany's great march of progress from 1807 to today, and most of the nations now at war feel the impress of Napoleon. General Grant was a Napoleonic scholar and his campaign around Vicksburg was Napoleonic.

CHARGED WITH ASSISTING IN THE ROBBERY

Sheriff Swank went to Columbus today and will bring back Samuel Nelson, charged with being an accomplice in the robbery of the Pataskala Merchandise Company's store at Pataskala, O., on April 13, 1915, and for which E. Schafer of Columbus, was convicted and sent to the Ohio Penitentiary. Over \$500 worth of merchandise was stolen at the time and a part of it was recovered in a "fence" at Columbus.

SHACKLEFORD'S SLAYERS HAVE BEEN CLEARED

Following an inquest yesterday in the case of Stinson Shackelford, 18 years old, Corner Fortmeyer exonerated Detectives Jerry Hanrahan and John Wank, who shot and killed the man.

Shackelford was killed February 25 in a fight with the detectives.
